This information may be included on the packing slip or on a separate C of C, or partially on each if the two documents are connected by manufacturing lot number or equivalent. Sub tier suppliers shall provide a C of C for all materials and outside processes that are used to produce the item.
10. **INSPECTION:** Buyer reserves the right to inspect the items delivered under this order. Rejection of one item shall, at Buyer's discretion, be cause for rejection of the entire lot. Buyer may return any nonconforming items for replacement or correction with cost borne by Seller.

12. **CONFIDENTIALITY:** Seller shall keep confidential all proprietary information provided by Buyer.
13. **NOTIFICATION:** Seller shall promptly notify Buyer of 1) any nonconforming product or service that Seller has reason to believe may have been delivered or provided to Buyer or Buyer's customer and 2) any change to Seller's Quality Management System, manufacturing processes, manufacturing facilities or sub-tier suppliers.

14. FLOW DOWN: Seller shall flow down all relevant order requirements and information to sub tier suppliers. This includes the C of C requirements per section 9 and all relevant PO technical exceptions or notes.
15. RIGHT OF ACCESS: Seller shall grant right of access to Buyer, its customer, or regulatory authorities to the applicable areas of all facilities, at any level of the supply chain, involved in the order, and to all applicable records.
